Supervisor Burke made the following statement:

“Registered Dietitians are the food and nutrition experts who can translate the science of nutrition into practical solutions for healthy living. This profession requires a degree in nutrition, dietetics, public health or a related field from well-respected, accredited colleges and universities. There is also a prerequisite for an internship and, thereafter, an examination.

“The Registered Dietitians use their nutrition expertise to help individuals make unique and positive lifestyle changes. They work throughout the community in hospitals, schools, public health clinics, nursing homes, fitness centers, food management, food industry, universities, research and private practice. They are advocates for advancing the nutritional status of Americans and people around the world.”

Therefore, on motion of Supervisor Burke, seconded by Supervisor Antonovich, unanimously carried, the Board proclaimed March 10, 2008 as “Registered Dietitians Day” throughout Los Angeles County, and urged all citizens to recognize the contributions of Registered Dietitians and express appreciation for their commitment to promoting science-based nutrition in the hope of achieving optimum health for both today and tomorrow.
